

Change4Life is here to help your family be healthy and happy

Be Sugar Smart

Kids are having nearly three times more sugar than they should. Too much sugar is bad for teeth and can lead to weight gain. But don't worry, we have some simple swaps to help you be sugar smart and cut back.

- 1** Sugary drinks are bad for teeth and lead to decay. Swap fizzy drinks, juice drinks and flavoured milks for water, lower-fat milks and no added sugar drinks. Limit fruit juice to no more than 150ml a day and stick to meal times.
- 2** Eating breakfast every day is important, but some breakfast choices have much more sugar than you think. Opt for plain porridge, shredded wholegrain or plain wholewheat biscuit cereals. Help your kids towards their 5 A DAY by adding in chopped fruit.
- 3** Sugary snacks can all add up! Fruit and vegetables are always the best snack. But when choosing packaged snacks, stick to two a day max.
