Meet the Team!

Name: Nicola Tucker

Role: Receptionist

About me: I went to an all-girls school where my favourite subjects were French, Latin and Russian. I went to university to do a Classics degree. I've been married for 38 years and have three grown-up children. I also became a grandma for the first time to a beautiful baby girl called Isabelle a week ago. Once my youngest child was at school I started working full-time at Debenhams in Harrow where I was the Personal Shopper and also one of the Bra-Fit ladies! I started working at Whitchurch after Debenhams closed its doors for the last time - it has been lovely recognising many of you from those days!

Hobbies and interests: I love reading - my favourite genre is crime. I love a good thriller or forensic crime book. Actually, I love watching the same sort of thing on TV. Otherwise my favourite programmes are Coronation Street, Masterchef and The Great British Bake-Off. In the Summer, me and my husband love to drive out to a National Trust stately home and explore the gardens or head off somewhere for a long walk with beautiful surroundings. I think our top two places for that would be Hengistbury Head down in Bournemouth and The White Cliffs of Dover. The funny thing about being on the cliffs is when you notice your mobile has turned French roaming on!

Best part about my role: I love getting to know our families, building a relationship with them, making sure they know they can call or come in if they need or want to. Even more than that though is watching the children grow up and mature before your eyes! We see them so little, starting here in Nursery or Reception and before you know it they're becoming confident young people - it really is a wonderful thing to see!

FoW Winter Fair - Thank You

Thank you for coming to our Winter Fair with your families and supporting us to make it a great success. We hope you had a wonderful time!

Team FoW

Tea & Talk

Thank you to everyone who attended a Tea & Talk session with Mr Pine this term.

Tea & Talk will continue in January, taking the form of 'Question & Answer' sessions. Dates to be announced soon.

Lost Property

There will be a table for lost property outside the main reception from Monday. Please collect your belongings - anything that remains uncollected at the end of Thursday will be discarded.

Midday Assistant Vacancy

We are seeking a Midday Assistant to work as part of our team in securing and maintaining the safety, welfare and good conduct of pupils during lunchtimes. Please see the vacancies page of our website for more information and an application pack:

Winter Music Concert Performances

Video recordings from last week's Winter Concert are available to view on the Music Enrichment page of our website.

Harrow Immunisation Team

Please see the attached poster from Harrow Immunisation Team who are offering catch-up clinics for any child who missed their flu vaccination (or has **not** received two MMR vaccines as a baby).

Year Group Highlights

Christmas Celebration

In Nursery this week we invited our parents and carers for our Christmas celebration. We had a brilliant time and performed really well. We all participated in fun festive activities with our families including decorating biscuits, making wooden ornaments and Christmas cards.

Nursery

Santa

This week in Reception we were very excited to hear bells and watch Santa arrive! Santa left footprints in the classroom and his glasses too. We have been writing lists and letters to him; we drew pictures and used our sounds to label the items on our wish lists.

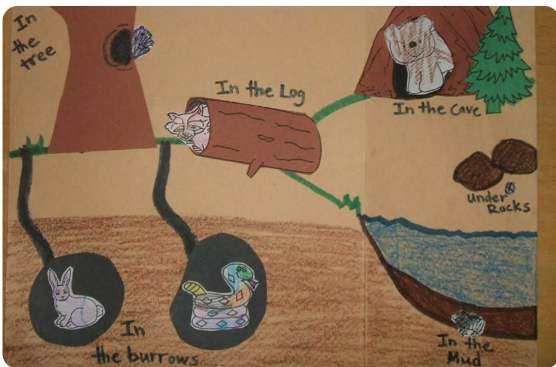

Reception

Year 1

Animals in Winter

In Science this week, Year 1 have been looking at how some animals adapt in Winter. We looked at hedgehogs, bats, birds, rabbit, snakes and foxes and discussed their habitats for this season. Did you know snakes and rabbits both hibernate in their burrows?

Year 2

Food Chains

In Science this week, Year 2 have been learning about food chains and how different living things rely on others for food. We used our knowledge to create food chains featuring producers, consumers and predators.

Year 3

Year Group Highlights

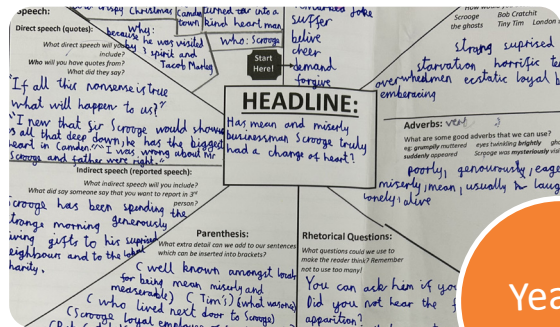

Mini Documentaries

This week in Computing, Year 3 presented and recorded mini documentaries about European countries in front of very own green screen. We then worked together in our groups to edit and publish these using video editing software.

News Articles

In English this week, Year 4 have been identifying the main features of news articles. We explored headlines, parenthesis and direct speech in the opening paragraphs of sample articles, then planned our own ideas for a news article about Ebenezer Scrooge.

Year 4

Year 5

Still Life Prints

This week in Art, Year 5 have used still life drawings as a starting point to create monoprints. We learnt how to create these unique prints using coloured ink, rollers and a slab to showcase the depth and texture of our compositions.

Forgiveness

In R.E., Year 6 have been learning about forgiveness. This week we welcomed visitors from SR Divine Touch, who came in to school to talk to us about their religion as well as forgiveness.

Year 6

Book Recommendations

This week the library recommend the following reading books for you to enjoy at home.

'Little Red Reading Hood' by Lucy Rowland

Little Red Reading Hood always has her nose in a book, and is mesmerised by the thrilling adventures she discovers within the pages. When her mother sends Red to the library to return an overdue book, she warns her daughter not to stray from the path, for everyone knows what will happen if she does...

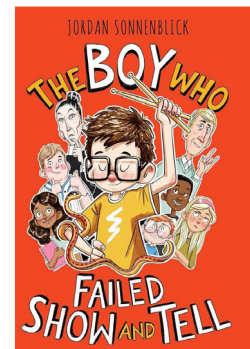

Written in witty verse and accompanied by colourful illustrations, this wonderful contemporary tale is great to read aloud and ideal to show young children that stories have the power to take readers on all sorts of exciting, imaginative journeys. Suitable for infants.

'The Boy Who Failed Show and Tell' by Jordan Sonnenblick

In a typical school year, every kid has one or two things go wrong. But for Jordan, there's A LOT going wrong ALL THE TIME.

By keeping his cool (some of the time), banging on the drums (a lot), and keeping his sense of humour (all the time), Jordan's going to try to make it through the year and grow up to write a book about it! An unbelievably hilarious true story from the bestselling author Jordan Sonnenblick. Suitable for children aged 5 and above.

Happy
Reading!

Thank You

The last 5 years at Whitchurch have given me so much joy and happiness that the next sentence is hard to write. I have recently accepted an amazing opportunity in another primary school, starting in January, which sadly means I will be leaving Whitchurch. I would like to bid a fond farewell to all children and entire Whitchurch community: parents, carers and of course our fantastic, dedicated staff. Thank you all so very much for all your support and help. I am genuinely grateful for every day that I was able to spend here, leading the library and helping children find the most pleasure in the magical world of books. It has been an incredible journey and Whitchurch will always have a special place in my heart.

STEM Challenge: Road to RIAT (Royal International Air Tattoo)

Last Thursday, as part of our enrichment for STEM (Science, Technology, Engineering and Mathematics), some children from Year 5 and 6 were invited to participate in a STEM challenge to design and create their own glider - organised by the Smallpeice Trust.

In the morning the children navigated through the engineering process of designing, creating, testing and improving their gliders. Most of these flew distances less than 5 metres; however, the fastest and most efficient glider was built by Darius (5SK) which rose high and flew a distance of over 10 metres!

Designed by Sophia and Armineh from Year 5

During the afternoon session, the workshop covered the theme of sustainability. The children were tasked with designing a sustainable aircraft design based on what they learnt. The best aircraft design is submitted for the competition. We are competing against other schools nationally. May the best design win!

Mrs Khan (5SK)

What is the name of your school?
Whitchurch Primary School, Stannmore

What is the name of your team?
Fly me to the future (FMFFF)

What is the name of your aircraft?
Desta. 3025

Who uses your aircraft?
The military / armed forces.

How is your aircraft powered?
 (i) solar powered
 (ii) hydrogen - used from moon water
 (iii) electricity
 (iv) water

What is your aircraft made from?
 (i) Aluminium (recycled)
 (ii) recycled metal
 (iii) renewable energy

What makes your aircraft sustainable?
 (i) does not emit carbon emissions
 (ii) does not harm environment
 (iii) does not harm animals

Hint
Think of all the things we talked about in the presentation. What makes your aircraft go faster, travel further, and use fewer resources?

Building Emotional Intelligence

Some children find it hard to make friends or find others who share their interests. Help your child with their social skills and work through issues with friends or peers.

How can parents and carers help?

- Listen when your child has peer challenges. Help her/him to clarify their feelings and to problem solve the issue.
- Don't take sides when your child fights with their friends. If you suspect that your child is being unfair, encourage them to empathise with the other child's point of view but be careful not to blame your child.
- Help your child learn how to express her/his needs without attacking the other person.
- Make it a habit to acknowledge and reflect on feelings instead of dismissing them. Often, we have such a hard time seeing our child in pain that we get angry at the other child. We say things like: "They are not a good friend to you, let them go and find a new friend!" but that doesn't help your child at all. Comments to get over someone they have cared about, or a hurt they've suffered, simply dismisses their feelings and keep the child stuck in hurt and anger. Keep your own upset in check and empathise with your child's feelings: "Having your friend say something like that to you could really hurt" enables them to feel the emotions so that the feeling dissipates and they are better able to problem solve.
- Help your child to think through various problem-solving options. Often, once children work through their feelings, they know what action to take. "I'm not mad at Sam anymore and I miss playing with him. I'm going to knock on his door." Children will sometimes need help from you to know how to say no in a way that keeps both friendship and integrity.
- If your child is having a hard time, consider what kind of support will help. For instance, some children don't pick up on social cues and need help to learn specific skills, like how to join a group. Others don't listen to their friend's ideas, or physically get into each other's space. Observe your child as he or she plays with another child and see if you can pinpoint what is going wrong. Act out a similar scenario with stuffed animals and ask your child what the characters should do. Make it funny to defuse any tension. Reading books about social skills with your child can also be very helpful.

Reach Out

Sometimes we could all do with someone to talk to. If you would like to meet Tom for a confidential and non-judgemental chat about you, your child, or any other worries, he is available on **Wednesdays at 9am-10am**. You can contact Tom on **07799 028 461** or email tom@schoolscounsellingpartnership.co.uk

Live Debate

Debate
Club

This week, the Debate Club held a debate in front of a live audience of parents/carers and staff. Children chose their motion about animal testing and devised arguments with evidence to support this. Well done to these children for holding a well formed and interesting debate. **Miss Osman (6MO)**

Life Skills - Shopping Trip

Yesterday the Life Skills group went on their shopping trip! We walked beautifully to the Tesco store on Canons Park Parade. We used visual cues, picked fresh items of fruit and vegetables and then took these to the counter to pay the cashier. We then placed the items in a bag and returned to school. Well done to everyone!
